

Committed To Providing The Best Solutions

At SOI we are proud not just of what we do, but how we do it – from providing Professional Services, Logistics Support, and Facilities Management and investing in our people and future workforce to giving our customers the best possible service. We are a premier national support services company. We are committed to working to high ethical, safety and quality standards, retaining and attracting a diverse and talented workforce and making a positive contribution to the communities in which we operate.

We are committed to providing products and services that exceed our clients' requirements and expectations with solutions that enable them to succeed in their business. We define service broadly, from initial contact with a prospect, to product and process quality. We treat every interaction with our clients as an opportunity to enhance their perception of SOI.

Outstanding employees are the key to our success. We succeed as a service company by motivating, empowering, and engaging our employees. Our employees have a strong work ethic and are results oriented.

One Standard, One Solution

One Standard, One Solution

SOI values our customers as well as our employees and with that we guarantee service that is always above standard. SOI has a proud history of Government service support on installations CONUS and OCONUS.

Our mission is to provide our clients with the best solution to bridge gaps between desired and current positions, to employ the right mix of talent that fits our client's needs, and ensure that implementations occur as planned.

SOI is a **Woman Owned Service Disabled Veteran** company certified by the SBA as a **Small Disadvantaged Business**.

Our certifications, coupled with a passion for providing quality products, value-added customer service, and competitive pricing have fostered viable long-term relationships with our clients.
